Bovis-Koala JV has worked for the H.M. Government of Gibraltar to undertake the works changing the recreation area, consisting of a pool and tennis courts, on the South Pavilion site to a single storey car park in the overall sum of over £815,000.00.

Works include:

- Demolition works to existing boundaries and buildings on site.
- The removal of the tarmac finish at the tennis court areas.
- Installation of new services to the car park and to the South Pavilion and Centre Pavilion Road.
- Concrete works to car park deck and parapet walls.
- Realisation of Services Store.
- Supply and install of galvanised balustrading and louvre panels along the site boundary.
- Supply and install of canopy structure to entrance site.
- Realisation of a new emergency exit stair.
